

California Seed Association

BENEFITS OF BELONGING TO CSA

"The **California Seed Association (CSA)** is a nonprofit agricultural trade association which has served the seed industry since 1940. Our membership consists of those firms which believe that the best way to achieve common goals and respond to the problems that affect the seed industry is through cooperative effort and group action. We initiate action for the betterment of the California seed industry. Those in the industry have many common interests and goals, making close communications within the industry increasingly more vital. CSA brings all segments of the seed industry together as a strong, united voice.
