

Department of Pesticide Regulation

JUL 19 2011

Edmund G. Brown Jr.
Governor

July 18, 2011

ID # 245803

PLEASE NOTE:
THIS REVISED, AMENDED LABEL REPLACES THE PREVIOUS LABEL.

ALL USERS SHOULD BE NOTIFIED AND GIVEN A COPY OF THIS LATEST LABEL.

Ms. Betsy Peterson
California Seed Association
1521 I Street
Sacramento, California 95814

Dear Ms. Peterson:

AMENDMENT TO SLN REGISTRATION #CA-080018, BELEAF 50 SG
INSECTICIDE (EPA REG. NO. 71512-10-ML)/ ALFALFA (GROWN FOR SEED)/
APHIDS & LYGUS BUG; AMENDED BY ALLOWING A 7 MONTH PRE-
HARVEST INTERVAL.

The above amended third-party special local need label was amended effective **July 18, 2011**
and is on file as the "latest" registered label.

This registration will be valid until withdrawn, suspended, or canceled by the United States
Environmental Protection Agency (USEPA), the manufacturer, the 24(c) registrant or the
Department of Pesticide Regulation.

A copy of the amended SLN, (Section 24C) label is enclosed.

If you should have any questions, please contact me.

Sincerely,

John E. Inouye
Environmental Scientist
Pesticide Registration Branch

SLN # CA-080018

REGISTRATION FOR SPECIAL LOCAL NEED *
FOR DISTRIBUTION AND USE ONLY WITHIN CALIFORNIA

Trade Name: Beleaf 50 SG Insecticide

EPA Reg. No.: 71512-10-ML

Firm Name: ISK BioSciences Corporation
7470 Auburn Road, Suite A
Concord, Ohio 44077

DIRECTION FOR USE

It is a violation of federal law to use this product
in a manner inconsistent with its labeling.

Location: Statewide

Crop/Site/Commodity: Alfalfa Grown for Seed

Target Pest/Problem: Aphids, Lygus Bug (nymphs and adults)

Dosage: Use 2.8 ounces of product (0.0875 lb a.i.) per acre. Do not apply more than 2.8 ounces of product per application. Do not apply more than 5.6 ounces of product (0.175 lb. a.i.) per acre per season. Do not exceed 2 applications per acre season.

Dilution Rate: Ground – Apply in a minimum of 20 gallons of water per acre.
Air – Apply in a minimum of 10 gallons of water per acre.

Method of Application: Ground or Air, only

Frequency/Timing of Application: Allow a minimum of 7 days between applications.

Restricted Entry Interval (REI): 12 hours

*** This label supersedes the label dated December 4, 2008.**

Preharvest Interval (PHI): 7 Months

- Other Requirements:**
1. **Growers and Seed Conditioners** are jointly responsible to ensure compliance with the conditions set forth in the Food and Agricultural Code Section 12832, Registration of Pesticide Products for Use on Alfalfa and Vegetable Crops Grown for Seed Production. Growers shall provide a properly completed *Seed Conditioner Notification* form to the person or firm accepting the seed for processing. Growers shall retain signed copies of the *Seed Conditioner Notification* form(s) for a period of not less than two years.
 2. No portion of the treated alfalfa plant including, but not limited to, green chop, hay, pellets, meal, whole seed, cracked seed or seed screenings shall be used or distributed for food or feed purposes for 7 months from the date of the last application, this also includes grazing.
 3. Before using this product, read and carefully observe directions, precautionary statements, and other information appearing on the product packaging label.

Valid until withdrawn, suspended or cancelled by the United States Environmental Protection Agency (USEPA), the manufacturer, the 24(c) registrant, or the Department of Pesticide Regulation.

All applicable directions, restrictions, and precautions on the USEPA-registered label for Beleaf 50 SG Insecticide (EPA Reg. No. 71512-10) and this label are to be followed.

This labeling must be in the possession of the user at the time of pesticide application.

The County Agricultural Commissioner's (or designee's) signature must be obtained prior to this use. This does not constitute a recommendation of the Department of Pesticide Regulation and will not prevent quarantine action if illegal residues are found on or in the crop.

To the extent consistent with applicable law, neither the Department nor the county agricultural commissioner, makes any warranty of merchantability, fitness of purpose, or otherwise, expressed or implied, concerning the use of a pesticide in accordance with these provisions. The user and/or grower acknowledge the preceding disclaimer.

Do not use in mixture with other pesticides unless provided for in the labeling. Trial on a small area to check out unanticipated problems is suggested.

CONDITIONER STATEMENT

I hereby acknowledge the alfalfa seed described above was received during the (Year)_____ seed conditioning season and the following requirements and restrictions will be observed and followed:

All seed screening shall be disposed of in such a way that they cannot be distributed or used for food or feed. The seed conditioner shall keep records of screenings disposal for three years from the date of disposal and shall furnish the records to the Director upon request. Disposal records shall consist of documentation from a controlled waste disposal site, incinerator, cogeneration plant, composting facility, or other equivalent disposal site.

No portion of the seed plant, including, but not limited to, green chop, hay, pellets, meal, whole seed, cracked seed, or seed screenings shall be used or distributed for food or feed purposes.

All seed crops grown or conditioned as a nonfood or nonfeed site, in this State, shall bear a tag or container label that forbids the use of the seed for human consumption or animal feed.

No seed grown or conditioned as a nonfood or nonfeed site, in this State, may be distributed for human consumption or animal feed.
